

Arnprior Municipal Heritage Committee

Designation Request Form

Request to the Arnprior Municipal Heritage Committee to consider a property / natural feature in the Town of Arnprior for designation under Part Four of the Ontario Heritage Act.

Heritage Designation

- Designation gives a property a special status and is registered on the title of the property;
- Natural features, landmarks, structures, as well as buildings may be designated.
- At all stages of the process, the owner retains control of the property.
- Designation protects and preserves its architectural history but does not prohibit, restrict in any adverse way or affect the sale of the property.
- Designation does not prohibit the development or alteration of the property, but approval from MHC is required if changes to the "designated" features of the property are contemplated.

Guidelines for Designation

Designation relies on adherence to a general set of criteria which follow a number of well-established characteristics. Some of these are:

- The age of the building;
- The building exemplifies a particular building type, style or period;
- the building is the work of a prominent early architect or builder;
- the building played a role in an important historic event;
- the building is associated with the life of a prominent member of the community.
