

**Town of Arnprior  
Notice of New Water and Wastewater Rates  
Effective January 1, 2008**

In 2004 the Town of Arnprior completed an extensive study process and established a 10 Year Water and Wastewater Financial Plan. This plan provides for the full cost recovery of operating and capital needs for both water and sanitary sewage services through a revised rate structure. C.N. Watson and Associates Ltd. were engaged by the Town to undertake the study to address the current and future water and wastewater services and provide recommendations for a long range financial plan recognizing the recent provincially legislated requirements governing municipal water and wastewater services. In order to ensure that these services are most economically provided, Council will annually review and update the plan. With the establishment of a 10 year financial plan for water and wastewater services, the Town will be better prepared to adapt to the ever changing water and wastewater service requirements.

On January 28th, 2008 Town of Arnprior Council passed by-laws establishing the following new rates and charges for Water and Wastewater services that are effective January 1, 2008:

**Commodity Charges**

(These are charges based on the following water and wastewater rates multiplied by water consumption)

		<b>Water</b>	<b>Wastewater</b>	<b>Combined</b>
(i)	For the first 100,000 imperial gallons per month	\$4.94 per 1,000 imperial gallons	\$5.45 per 1,000 imperial gallons	\$10.39 per 1,000 imperial gallons
(ii)	For any excess over 100,000 imperial gallons per month	\$2.47 per 1,000 imperial gallons	\$2.72 per 1,000 imperial gallons	\$5.19 per 1,000 imperial gallons

**Base Rate Charges**

(These are fixed monthly charges for water and wastewater services regardless of consumption but based on the size of your water meter)

<b>Meter Size</b>		<b>Water</b>	<b>Wastewater</b>	<b>Combined</b>
5/8 inch	Charge per month	\$ 7.01	\$ 7.01	\$ 14.02
3/4 inch	Charge per month	\$ 10.72	\$ 10.72	\$ 21.44
1 inch	Charge per month	\$ 19.58	\$ 19.58	\$ 39.16
